 WAN BEHOLD

AB.

DIMENSIONS L.O.A. 30' 0". L.W.L. 27' 3". BEAM 9' 1". DRAFT 2' 4".

MATERIALS Fibreglass hull, moulded in one piece, ranging in thickness from 10 mm. at the topsides to 22 mm. on the bottom. Deck and superstructure are also constructed from one mould. Accommodation is in mahogany with teak floor boards. The strength of construction was recently demonstrated in Dutch waters, when one of these boats was rammed amidships by a 500-ton Rhine barge, resulting only in superficial damage on deck.

ACCOMMODATION: **Forepeak:** Fresh water tank moulded in with hull. Bosun's store.
Saloon: Two wardrobes. Two settee/berths and two Pullman berths. Pantry and ice box. Enclosed toilet with W.C. and hand wash.
Cockpit: Engine under. Steering position. Side benches with fuel tank under.
After cabin: Two berths and wardrobe.

ENGINE To owner's choice.

SPEED 18 knots with a 55 h.p. Ford marine diesel.
 22 knots with an 85 h.p. Perkins diesel.
 In areas where speed is restricted, the installation of a 33 h.p. engine is calculated to give a speed of between 8 and 10 knots.

INVENTORY Includes electric light, compass, fenders, cockpit cover, bilge pump, bottle gas cooker, anchor, pulpit, foam rubber mattresses, etc.

PRICES

Hull and superstructure only	£1,255
Complete with accommodation, but excluding engine	£2,510
Complete with 4-cyl. 55 h.p. Ford marine diesel	£3,140

(All prices are f.o.b. Copenhagen)
